

Meeting Minutes September 11, 2113

Present:

Kristi Hack
Bryant Bitner
Jody Christopherson
Nancy Luse

A meeting with the Casper College Director Doug Neubert, Clinical Supervisor Tami Knotts and Dean O Health Science Dr Tammy Franklin was held

Nancy introduced the Board Members and gave a brief talk as to why the WSRC was having the meeting. Nancy gave a brief talk on the Drive4 COPD and as if the students would like to participate as part of their community service project. Nancy turned over the discussion to Jody who gave a brief description of what the Drive4 COPD was about. Nancy was waiting on a decision from Wyoming Medical Center on an adopt a company, as to whether they would allow us to adopt them.

The next topic of discussion was the awarding of two \$500.00 scholarships, one for a first year and one for a second year student. The recipients were chosen based on their application, grades, and by board members who did not know the students. Chloe Fielder was chosen for the first year and Lucas Hurt for the second year student. The recipients were asked to write a letter of thanks and give it to Nancy to send with the WSRC thank you.

Bryant presented AARC awards to Doug for 25 years in the AARC and Tami for 5 years. Doug and Tami were asked to tell why they had belonged to the AARC for so many years and what the AARC can do for you.

Kristi present letters to the faculty members and gave a discussion as to why it is important to remain a member of the AARC and WSRC. She hit the key points of what the organizations can do for the students and that she has had the opportunity to attend State and National Conferences and the educational opportunities that they have given her. Bryant talked about the opportunity that the WSRC had given him as a student and now is on the Board for the WSRC and the endless opportunities he has as a member of the AARC and WSRC. Jody told of her experiences as part of the board and why it is important to remain involved after graduation and the networking opportunities it has given to her. Nancy reiterated the same as the other board members and stated that even though the WSRC is no longer part of the curriculum that it was still important to attend the WSRC. There were many things that could be done to distinguish the RRT's from the Students. The board asked that if the conferences were held closer to Casper would there be more willingness of the students to participate. The board thanked everyone for there time and hoped that we made an impression on them.

Dr Tammy Franklin thanked the board and invited them to have a meeting in the future with the Directors and herself with out the students.
